

S3A SOURCING

COMPANY PROFILE

YOUR RELIABLE APPAREL SOURCING PARTNER FROM
BANGLADESH

ESTABLISHED IN 2025
DHAKA, BANGLADESH

ABOUT US

S3A Sourcing is a Bangladesh-based garment buying and sourcing company, built on over 25+ years of real industry experience in the Ready-Made Garments (RMG) sector.

Our foundation comes from hands-on involvement in factories, buying houses, and garment trading — giving us deep knowledge of production, sourcing, and quality control.

We specialize in connecting international buyers with trusted, compliant, and efficient factories in Bangladesh.

Our goal is simple:
Deliver the right product, at the right price, on time.

At S3A Sourcing, we don't just do business — we build long-term partnerships based on trust, transparency, and performance.

OUR MISSION, VISSION, VALUES, GOALS

1

Mission

Deliver reliable, customer-focused sourcing through responsible operations, quality, and integrity.

Vision

Be a trusted global sourcing partner driven by quality, innovation, and positive social impact.

2

Our Values

3

- Ownership: One team, full responsibility
- Trust: We believe business is built on honesty and transparency.
- Commitment: We take full responsibility for every order.
- Quality: We never compromise on product standards.
- Partnership: Long-term, transparent relationships

Our Goals

4

Product Excellence:
Consistent quality and on-time delivery

Strategic Sourcing:
Trend-focused, flexible sourcing solutions

Ethical Partnership:
Compliant factories and sustainable
production

WHY CHOOSE US

- 25+ years real industry experience
- Strong factory network in Bangladesh
- Competitive pricing with quality assurance
- On-time production and shipment
- Direct communication and fast response
- Flexible sourcing based on buyer requirements

HOW WE WORK

Sample with care:

Cross-functional teams develop samples to meet exact buyer requirements.

Source smart:

Right materials at competitive prices.

Quality wash control:

Technicians supervise washing for shade, fit, and finish.

Monitor production:

Dedicated teams track materials and timelines.

Factory monitoring:

On-site quality control during sewing, finishing, and packing.

Efficient logistics:

Smooth coordination for ETA, documentation, and shipment.

OUR SERVICES & CAPABILITIES

Product Development

Design support, sampling, tech pack review, and sourcing of fabrics and trims to meet brand and market requirements.

Sourcing & Factory Management

Matching buyers with compliant, reliable factories based on product type, capacity, quality, and cost.

Merchandising & Order Management

Costing, order placement, timeline control, and buyer-factory coordination from confirmation to shipment.

Production & Quality Control

Full production supervision with inline and final inspections to ensure quality and on-time delivery.

Logistics & Shipment

Export documentation, shipping coordination, and delivery management to global destinations.

Compliance & Sustainability

Legal, ethical, social, and environmental compliance with support for responsible manufacturing practices.

OUR PRODUCT

We specialize in a wide range of garments for global buyers.
